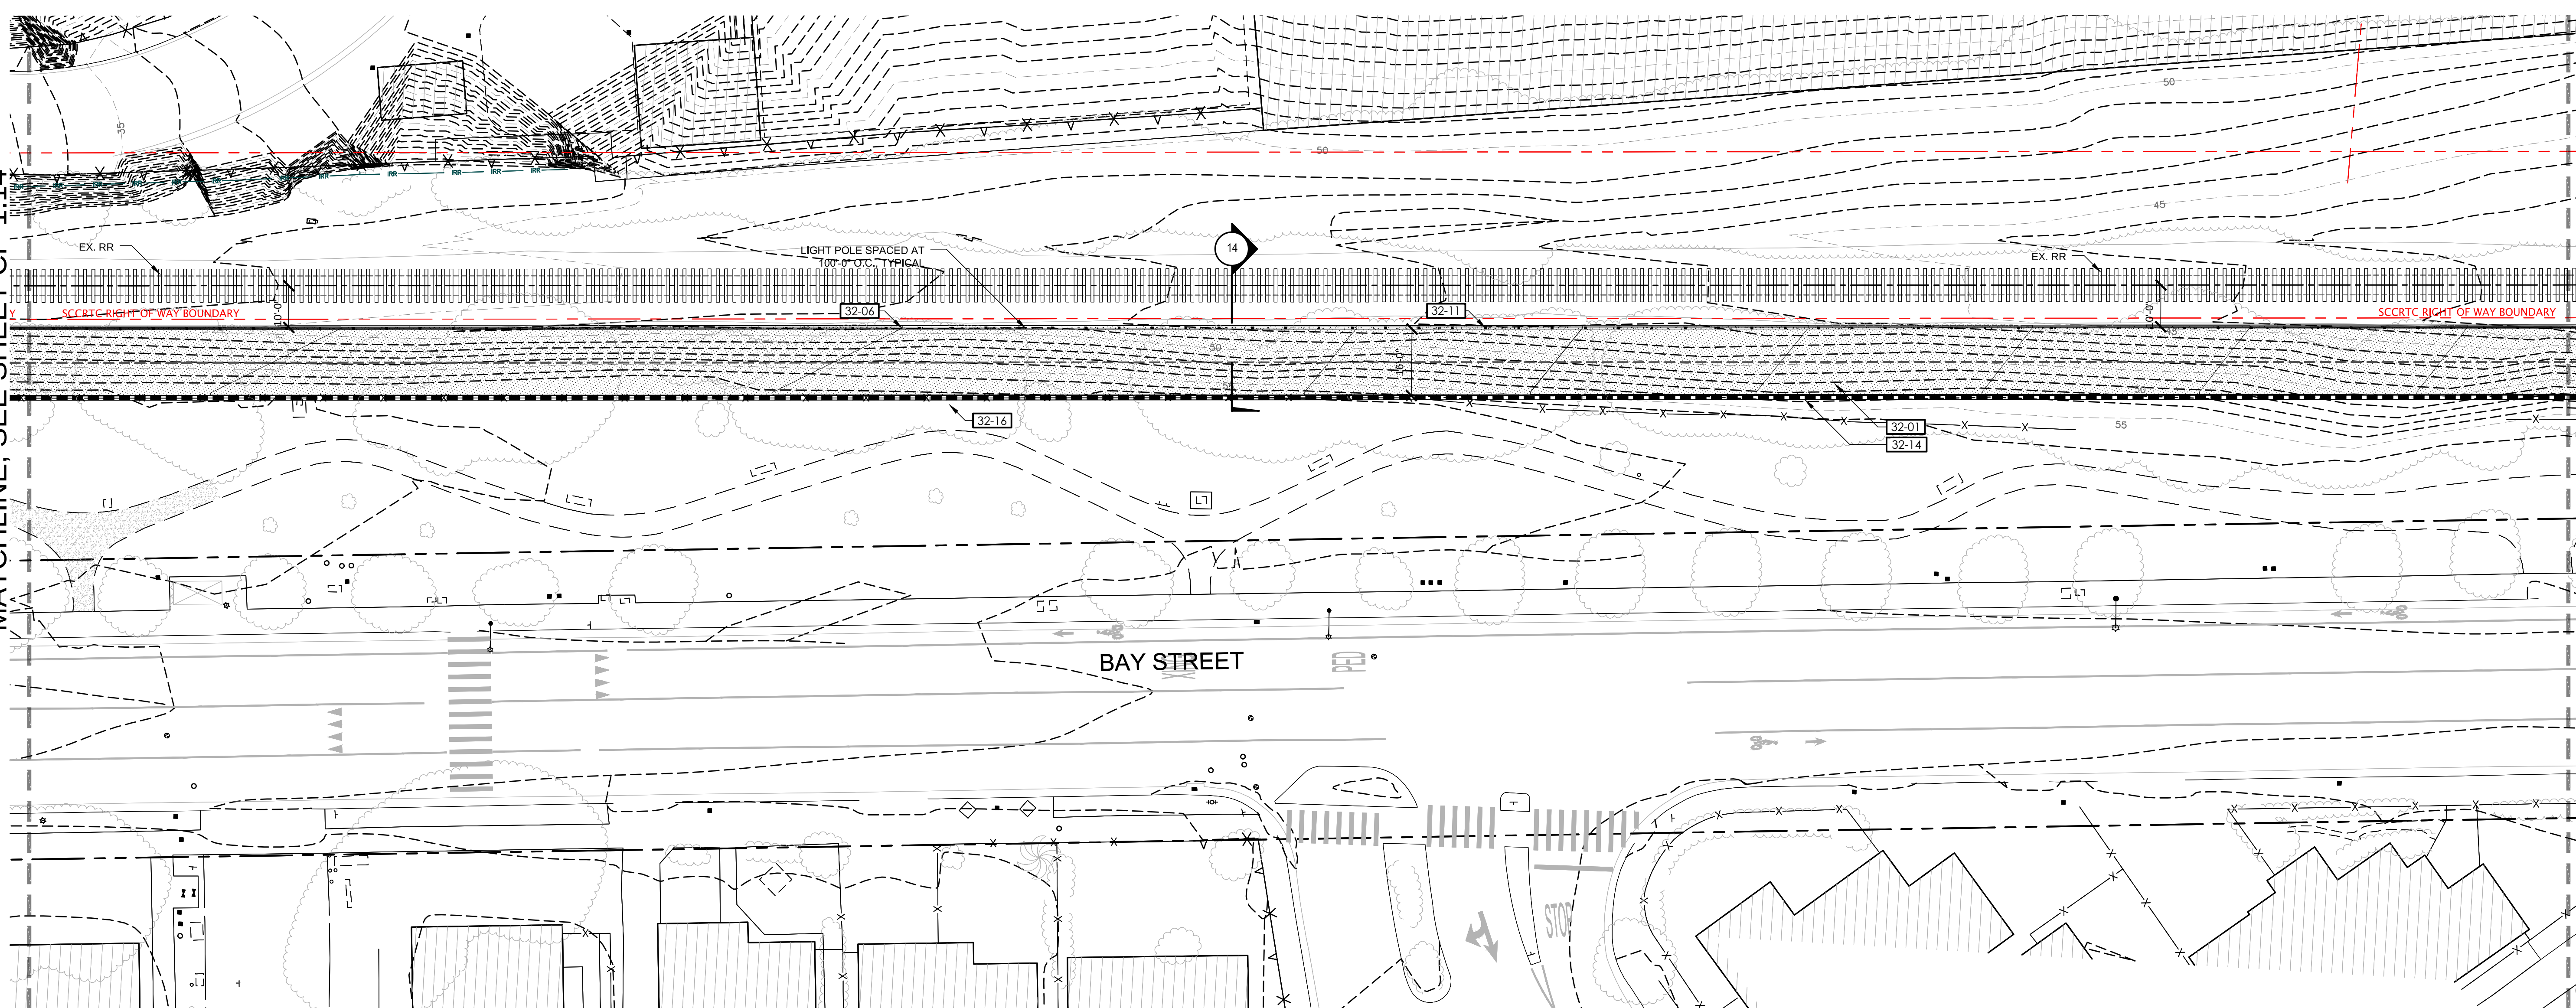

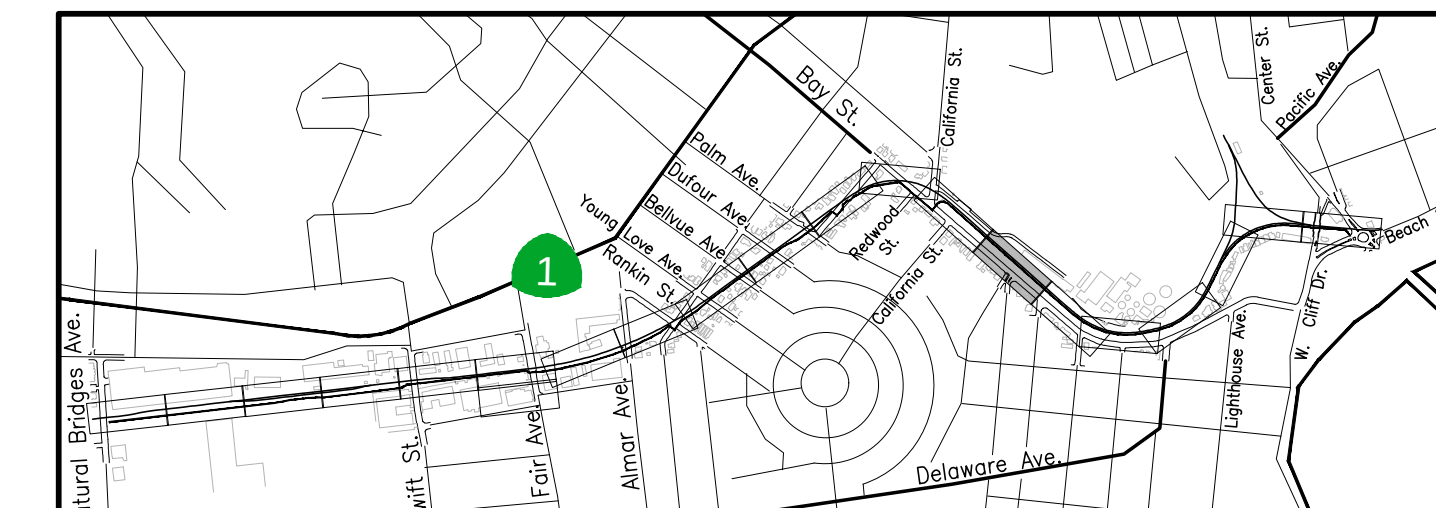

Diagram illustrating the proposed multi-use trail and retaining wall structure. The trail is 16'-0" paved and includes a 4'-6" high retaining wall. A smooth wire fence with concrete posts (32-11) is located 10'-0" from the track centerline. A chainlink fence (32-14) is shown on the right side of the retaining wall. The retaining wall height varies per plans (32-01). The trail is adjacent to La Barranca Park and the secret right-of-way boundary. A track centerline is also indicated.
